EMPRESS JOSEPHINE.

EMPRESS JOSEPHINE FACE BLEACH is an infallible, painless and permanent cure for Pimples, Acne and Eczema, and is the only known preparation that will harmlessly and effectually remove Freckles, Sallowness, Tan, Sunburn, Blackheads, Wrinkles, Oiliness, Roughness, or any other discoloration of the skin. It does not give the face a faded-out or whitewashed appear-ance, as the name Bleach would imply, but restores the skin to its naturally youthful color, making it as soft and fair as a babe's; also, making it smooth and firm, proof against sun or weather, thus preventing Tan or Sunburn.

EMPRESS JOSEPHINE FACE BLEACH is distinct from all balms, creams, lotions, washes, etc., as it does not require continual use, but is a permanent cure. It is not a cosmetic, does not show on the face after application, and for this reason can be used immediately before going on the street. From twenty to sixty days usually required to clear the complexion. The price, 75c per bottle, or three bottles for \$2, is unusually low for such an ex-

cellent preparation. It is sold at this price. however, to give both rich and poor an opportunity to be benefited by our experience.

The skeptical ones should remember that we guarantee the Face Bleach, and will forfeit \$500 for proof of any case where Empress Josephine Face Bleach has failed to do as represented.

She Surprised Him.

Detroit Free Press. He is a doctor on Jefferson avenue, and his little three-year-old daughter is learn-ing rapidly to repeat whatever she hears. She sleeps in the same apartment with her father, and hears him every night when he answers the telephone. The other night he was particularly sleepy, and the bell rang without his hearing it. The little one held her peace until the second alarm came in, when she sat up in her cot and shouted at the top of her lungs: "Papa, papa, there goes that telfone gain. Damn de fing."

Economy.

Aside from their excellence, there is economy in buying

as they are the most natural flavors made, and in strength, quality, and quantity there are no flavoring extracts that can compare with them.

It is not economy to buy the flavoring extracts in the market because they are sold at a low price. Cheapness is an indication of inferiority.
